- Can be utilised for all school payments - Tuition, funds, donations, application, enrolment, etc.
- Integrations with school software systems - File in/file out with most software. Exclusive DD integration with TASS.
- Accepts all payment accounts - Bank and cards
- New Payment Methods - PayID, Apple Pay, Google Pay, SchoolNow PayLater, etc.
- Easy implementation - No need to change to bank account or software.
- Superior Servicing / Account management.
- Save time - Reduce admin, automatic failed payments retry to reduce late payments and chasing time.
- Secure - Card details are tokenised and securely stored.
- No / low-cost options - You can pass on some or all the bank account or credit / debit card processing fees.
- Customisable - The School set the business rules including payment frequency, methods, controls, etc.

The Smart Decision.

Adaptive software that makes childcare management easy!

Australia's first adaptive software solution for preschools, kindergartens, centre based care, OSHC and family day care centres.

Corporate Prepaid Cards provides Mastercard, Visa and eftpos prepaid card solutions to schools, universities and further education institutions across Australia.

Procurement, Finance and Business Managers have full control and visibility over card programs and card use, helping them drive compliance and streamline processes.

Education institutions choose our Corporate Prepaid Cards because:

- Versatility. We offer plastic, digital (sent to phone) and emailed cards. Available as reloadable and single-use cards.
- Easily to administer cards securely, without the requirement of 100-point check like traditional corporate debit and credit cards.
- Fast fund disbursement to students with same-day delivery cards, for ad hoc or ongoing funding to support students.
- Secure replacement for petty cash to make purchases on behalf of the School and Boarding Houses, i.e. for travel, excursions, or goods & services.
- Preferred reward, incentive or gift. Accepted anywhere Mastercard, Visa or eftpos can be used.
- Ensures funds are spent as intended. Option to define where, when and how the prepaid card can be spent, driving transparency and compliance.
- User-friendly Client Portal. Faculties can easily and securely manage their card program(s).
- Fraud protection and compliance. Removing the risk associated with the allocation of cash.
- Real-time custom and consolidated reporting providing a comprehensive audit trail, order history, and recipient records.
